

I would like to express concern about the new LPFM service. I am strongly against this new LPFM over riding or bumping off existing FM stations such as K-LOVE. K-LOVE is a fresh reminder to our community that not all in this world is going down the drain. This is a radio station that is positive and encouraging, and furthers God word through music. I feel christian radio stations such as K-LOVE are essential in all towns in order to provide a safe alternative to harsh secular broadcasting.
